## Pledge of Parental Involvement

Written by the **Florida Parental Information and Resource Center (PIRC) of FND** to encourage and support the home-school connection in order to emphasize the importance of the impact of parental involvement on student academic achievement.

Please recite this pledge on **National Parent Involvement Day, November 19, 2009.**

I pledge to support my child's education to the best of my ability. I will have high expectations for my child to succeed in school and in life. I will make my child's education a priority, and model positive actions and attitudes. I will partner with my child's school to ensure I am informed and involved in all aspects of my child's education, and will be an active advocate for my child's education. I understand that education is the key to success, and will do everything I can to nurture my child's ability to learn.
